

2006 is a Year Packed with New Records for Pacific Association Track & Field Youth

Another banner year for youth Pacific Association broken records! The Pacific Association Championships were marked by unusually cold and windy weather while conversely the Pacific Association Junior Olympics and Region 14 Junior Olympic competitions were held in triple digit, high humidity record setting temperatures. Not to be daunted the following athletes still succeeded in breaking Pacific Association records.

Age Group	Club	Athlete	Event	Mark	Date of Record
