XC GP Discussion

MUT GP Discussion (update from Bill Dodson)

- Scoring - Nakia has volunteered and taken over that one.
- Interacting with the Race Directors to get their commitments for 2018 - I have done this for most but there is some more work to do.
- Creating and maintaining the Race Schedule on the website - also adding the races to the website calendar.
- Alerting Cynici to MUT events, performances, etc that might be appropriate for posting on the website.
- Posting registration openings and closings plus entry fee changes to our Grand Prix Facebook Group - or some other means of communication. Also monitoring the FB Group to avoid improper posts.
- Sending contract proposals to all the Race Directors and getting them signed and returned.
- Working with Mark Gilligan to set up automatic Age Group winner discounts for races which are entered through UltraSignup. Some of the race directors use different registration systems. Those are typically handled with codes set up by the race directors working with the registration system.
- Choosing a Male/ Female/ Volunteer Runner of the Year.
- Providing the individual age group and team award winners to the person getting the plaques made, plus checking all award designs for accuracy.
- Presenting the awards at the Awards Banquet.
